

I am 80 years old and listen to XM all the time. I have it inside my room. I am blind and can't really do to much any more, but XM has really good programs for me. I listen to the Olde Time Radio, sports programs and 40's music programs and for the local traffic to tell my daughter what's happening and of course the weather. Please don't pass petition 04-160.

Thank you,  
Ray Haywood
